The VRx recorder server hardware was discontinued by the manufacturer (DELL). The G3 hardware is the latest provided by the manufacturer, and LenelS2 is committed to keeping our products up to date. The new G3 Version is fully compatible with the G2 series. The replacement part numbers are below:

- S2-VRX2000-G3
- S2-VRX2000-G3-FO
- S2-VRX2500-G3

LenelS2 apologizes for any inconvenience this transition may cause, but please know that this is the best product path to keep up with the evolving server technology.
